2. Chapter 2

**H20 Just Add Water Season 4**

**Episode 2: 3 Months Later **

**Cleo Pov**

I was waking up in my bed cause of my tummy turning and and i vomit in the toilet and then i go change ** **I heard a knock on the door.

**"Cleo are you alright their honey," I heard my dad yell. I was able

to control myself long enough to yell, "Yeah, I'm fine."**

"Well, you better hurry up. You will be late for meeting Emma." I heard him walk away from my bathroom. I pushed myself off the floor and went to the sink. I looked into the mirror and saw I was pale and had bags under my eyes. Is something wrong with me? I 'm always tired, always hungry yet I can't hold anything down; not even water, which is weird. I went to the girls at Rikki's and saw Emma with them. I smiled.

**"EMMA" I said excited **

"Cleo" she said

"You OK Cleo you look sicker than last time" Bella said

"Yeah just because of the party on Lewis birthday" I said

Rikki looked at me doubtfully. "Cleo that was 3 months ago. Maybe you should see a doctor."

"But I'm fine guys. Emma tell Rikki I'm fine." I sighed.

Emma looked between Rikki and me and sighed. "I think Rikki's right. Being sick for the past 3 months isn't a good sign. That actually reminds me when my mum was pregnant with Elliot. She couldn't hold any food down, always hungry and was always sleeping."

I ran to the water and dove in without a care. I felt my legs turn into a tail and I sped to Mako Island. I swam into the moon pool and rested on the edge of pool and just looked at the whole cave. Could I be pregnant? I'm only 17. And the worst part, I know who the father would be. But I can't do that to him!

He has worked so hard to get to where he is and a baby would just ruin that, there's no way he would even believe it's his... But what am I worried about? I don't know if I even am pregnant. Maybe it would hurt to find out would it?

Maybe it is just the stress of everything that is happening. I took a deep breather and let it free. Focus Cleo, get your mind right, I thought. I drove into the water and raced to the main land. Once I was tail free, I went to the pharmacy and got three pregnancy tests.

I lied and said they were for my mom to the cashier. I took off to home and went straight to my bathroom and read the instructions. Did what it said and now I had to wait for 3 minutes. I felt like my life was ticking away just like time. What if it was positive? What would my dad say, Emma, Rikki, and Bella and most of all. Lewis.

When it was time, I got up from the edge of the tub and looked at the stick. I felt like crying and screaming at the same time. On each stick there was a big red plus sign.

**I sat on my bed as I felt the tears run down my face. I was still looking at the pregnancy tests I just like a few minutes ago. I can't

believe this is happening. Lewis and I were so care when we had sex. Now we are responsible for new life. Who knows how he or she will be in life. For crying out loud I'm a freaken mermaid!**

I then jump when I heard a knock on my door. I whipped my face or the tears and then hid the test under my pillow. "Come in" I called. My voice was hollow and rough from crying for a while. My door opened and Emma and Rikki peaked their heads into my room. I tried to smile. I felt like I was obligated to now.

"Hi guy," I said trying to be cheerful. Emma looked at me worriedly.

"Is everything alright. Have you been crying?" I looked down at my hands, playing with my fingers. "No." I heard Rikki groan.

"Come off it Cleo. We all know you are a bad liar. What is really going on? Come on spill it out. We're friends, remember." I looked up at my two best friends and some they looked worried. I felt like my insides were turning and felt the tears flood my eyes. I couldn't stop the tears, I didn't want to. I held myself when I felt more arms around me. I saw Emma holding me in her arms while Rikki rubbed my back

**"Guys, something happened," I told them. Rikki stopped rubbing my back and looked at me. "Well what. Tell us," she urged. Emma scowled at her. "Rikki be patient. This could be very serious. Go ahead Cleo, tell us what happen." I looked at them both. I felt my heart beating very fast and felt like I was about to get sick. I took a deep breath and said, "Guy's I'm pregnant." **

Everything got very quiet till Emma shouted, "What!" She jumped up on her feet and looked at me. "Cleo please say that you are joking. You are 17. You can't raise a baby. Who the hell is the father anyway?" I felt like a terrible person now. I can handle my dad because I bet he would threaten to hunt Lewis down but I can't handle Emma doing this to me, not now anyways.

"Emma lay off," I heard Rikki growl. "She has enough to fear already then having to have her best friend yelling at her."

I saw Rikki glaring at Emma. Rikki is the only person who knows how to put Emma in her place. Then emma calmed down.

"Oh god, Cleo, I'm sorry." She sat down next to me. Held me in her arms. I smiled. "It's okay," I told her. "So when did you find out?" Rikki asked.

"Just a few minutes ago. When Emma brought up about her mom, I thought I should find out if I am. And it was true." I looked up at both my friends. "Guys promise you won't say anything to Lewis about the baby."

"fine but we have to take you to the doctors" bella said

"ok" i said

"so how long are you" emma said

**"1 month" **

**"are you sure because you belly is bigger" bella said **

"last month was the last time i had sex with lewis" i said

**"lets check with the doctor" rikki says **

"ok" emma says

we went to the doctors for a check-up and waited in the waiting room

"bella can you come with me"

**we went in the room and saw the doctor **
